CHOOSE YOUR STYLE

Lighting on a New Level

The MasterBox Lite 5 ARGB is an ATX gaming PC case that features a tinted, DarkMirror front panel with three pre-installed ARGB fans. The DarkMirror front panel is tinted to show illuminated fans at a sharper contrast. For gaming rigs centered on lighting, the MasterBox Lite 5 now includes premium, addressable RGB without the premium cost.

With three pre-installed ARGB fans, complemented by customizable trim, any powerhouse built within the MasterBox Lite 5 ARGB will be proudly displayed in all its glory. The interior features ample clearance space for an easy building process and also provides room for future upgrades—all in a panoramic view through the edge-to-edge tempered glass side panel.

FEATURES

DarkMirror Front Panel – Shade light through the DarkMirror front panel for a sharper contrast of the ARGB fans.

ARGB Lighting System – Three pre-installed ARGB fans can be managed by either the motherboard or an included controller, connected by the included splitter, to create a comprehensive ARGB lighting system.

Certified compatible with: ASUS, Gigabyte, MSI and ASRock motherboards.

Tempered Glass Side Panel – Hardware, custom-loop cooling, and the pure pride of the builder is shown in panoramic view through an edge-to-edge tempered glass side panel.

Customizable Trim – Choose from three different trim colors, included in the box, to compliment the build's color scheme.

Versatile Cooling Options – Support for up to four 120mm fans and front and rear liquid cooling ensure that performance is not compromised.

Room For Upgrades – Support for up to a 400mm graphics card, a 163mm CPU cooler, and up to a 180mm PSU in length provides room for upgrades to stay ahead of the game.
